CIVIL ORDINANCE**

**VARIABLE RATE PRICING BY VOLUME OR WEIGHT  
FOR MUNICIPAL SOLID WASTE COLLECTION**

**RECITALS**

WHEREAS, in accordance with 24 V.S.A. § 2202a (d) of Act 148, Vermont's Universal Recycling Law, which requires municipalities implement a variable rate pricing system by no later than July 1, 2015; the Town of St. Johnsbury is implementing and requiring variable rate pricing charges for municipal solid waste (hereinafter "MSW") collection from residential customers for disposal based on the volume or weight of the waste collected. This requirement to implement applies to all solid waste haulers and facilities that accept and collect MSW from residential customers.

NOW, THEREFORE, the Selectboard of the Town of St. Johnsbury hereby adopts this ordinance requiring Variable rate pricing charges for collection of MSW from residential customers in the Town of St. Johnsbury, Vermont.

**Article I: PURPOSE; TITLE**

### Article III: VARIABLE RATE PRICING

Haulers and Facilities (hereinafter collectively "Service Providers") that provide Collection and/or drop-off disposal services for MSW to residential customers shall charge these customers for this service on the basis of the volume or weight of the MSW they produce, which is a pricing system commonly referred to as Variable rate pricing.

Each Service Provider shall establish a unit-based price to be charged for the Collection/drop-off disposal of each unit of MSW from residential customers; for example, a price per pound or a price for each 30-gallon bag or 30-gallon container that is collected or disposed of by a resident. Each larger unit of MSW, such as a 64-gallon container or a 50-gallon bag, shall carry an increased price.

The provisions of this subsection shall not be construed to prohibit any Service Provider from establishing rules and regulations regarding the safe maximum weight of bags or containers of municipal solid waste materials. A Service Provider may refuse to collect or allow disposal of any bag or container which is overloaded or which contains a MSW greater than the rated or specified volume or weight of such bag or container, or shall account for and bill the customer for the Collection of such excess MSW.

### Article IV: FLAT FEE

In addition to the unit-based price charged per unit of MSW, Service Providers may, but are not required to, charge a flat fee to residential customers for the purpose of covering operational costs for collecting, transporting, and disposing of MSW.

In the event that a Service Provider elects to establish a flat fee, all bills for services provided to residential customers shall clearly show both the flat fee and the unit-based price to maintain transparency.

Nothing herein shall prevent or prohibit a Service Provider from charging additional fees for the Collection of materials such as food and yard residuals or bulky items; except however, that no Service Provider may charge a separate line item fee on a bill to a residential
