The make and model of each component must be stated with bid and disclosed on an attached specification sheet. Mixing of equipment from different suppliers or model years for the above (i.e. Brand "X" plow and Brand "Y" body) is not acceptable.

There shall be a minimum 5 Year Warranty, unless otherwise stated, on material and workmanship from the date of delivery, unless there are deficiencies. If deficiencies exist, warranty will commence at final acceptance.

The bidder will disclose that the equipment being supplied is identical, in every aspect. Submittals for repainted, altered, retrofitted, (i.e. one truck ordered, one truck off the lot or from another dealer) or different model years will be rejected.

Bidders may submit more than one bid of offering different cab/chassis manufacturers. Bidders will submit all manufacturers' specifications and literature which fully describe the item(s) being offered, including any optional equipment.
